MAIN FUNCTIONALITY :

- Automatic deployment
- Silent installation
- Delegation of Rights
- Automatic audit of workstations
- Change detection
- Import audit data
- Check quality of imported data

- Multi-site, multi-architecture management
 - Password access to secured sites
 - Data transfer to remote sites
 - Import/Export/Merge
 - ...
- Management of workstations and servers
- Management of network components
 - Printers
 - Switches
 - Hubs
 - IP Scanners
 - ...
- Management of office tools
 - digital/video camera
 - Copiers
 - projectors
 - Faxes
 - IP Telephones
 - ...
- Software management
 - Tracking of illegal installations
 - Estimates for legal compliance adjustment
 - Current professional software library
 - Detection of internal applications
 - Collection of remote files
 - ...
- User management
 - Allocations
 - Authorizations
 - Training (Internal & External)
